Medicall
Ambulance Service
& Healthcare Training

Recognised Institute Since 2009

MISSION STATEMENT

Our Mission is to deliver, nationally, the most progressive and efficient ambulance service and emergency medical training to our patients, our client healthcare providers and the general public.

We will deliver these services to everyone as cost-effectively as possible, within an environment where safety, respect and empathy for all those with whom we interact is uppermost.

OUR VISION

We, at Medicall, recognise the huge trust placed in us by the patients we serve, their hospitals, their families and their carers. We will honour that trust by delivering our services in an environment that places patient care and safety at the core of all we do.

Our Training Institution will deliver internationally recognised education to the most current standards in emergency care.

We will work hard to provide compassion and professionalism in all our endeavours.

OUR PHILOSOPHY

"Education is not the filling of a pail, but the lighting of a fire."
— W. B. Yeats.
